## EXPERIENCE

---

### CIZMAR | A Shoe Store

As a Manager

6 Months

Cizmar – A label created by us two friends, who share a common passion for shoes and fashion, and fret over their handsome prices on traditional retail channels. Lucky to get the opportunity to steer manufacturing, we launched brand Cizmar, a great convergence of form, function, design and comfort as we sample, select, design and detail to our satisfaction. Handcrafted and finished under our care, we remain confident about our quality. With the online market heralding the future, and of course trimming all unwanted retail channel costs, we are selling our select range of shoes at very attractive pricing through our website [www.cizmarshoes.com](http://www.cizmarshoes.com), with direct delivery to your home...from shoe lovers to lovers of shoes!

### AADHAR

As a Operator

2 Months

Aadhaar is a 12 digit unique-identity number issued to all Indian residents based on their biometric and demographic data. The data is collected by the Unique Identification Authority of India (UIDAI)

### Reliance Communications

As a Salesman

1 Month

Reliance Communications is one of the leading GSM Service providers in India. It's provide fixed line broadband and voice

## EDUCATION

---

### NeeV | a learning centre

Grade IX

NeeV, a learning centre for the underserved, is a programme run under Bharat Memorial Charitable Trust (BMCT, registered in the year 1997 in Panchkula, Haryana) initiated with the aim of making a difference to the society. NeeV was conceptualised and launched on September 27, 2007 with the intent of focusing our energies and resources at the very initial stage of an individual's growth. Hence the name, NeeV, the foundation.

### NavGurukul

Pursuing Android Development

NavGurukul is a non-profit initiative started by IIT Delhi Alumni and self-learnt programmers where the idea is to provide free Software Engineering training to underprivileged children. Students will be encouraged to pay-it-forward so that more students can be covered.
